Logo width: 24 feet
Line width: 2 inches
Fill angle: 0 (horizontal)
Select layers: 2
Approx time: 20min
Approx paint:

F80-0067: Up to 0.7 GL

F80-01: Up to 0.9 GL

F80-01 EVS: Up to 0.9 GL

F80-015 EVS: Up to 1.2 GL

F80-02 EVS: Up to 1.4 GL

- Once the logo is started it is recommended to disable the Spray Discs in Map View to reduce the chance that the discs drags thin lines of paint.
- Select Fill under “Select which parts to draw”. DO NOT select Outline.
- If setting the logo width under Options the logo height must be set to zero and vice versa. Otherwise, the logo will be distorted.
